## CAMP EASTMAN ACTIVITIES!

**ROCK MOUNTAIN** is a large rock formation located along the White Trail where campers congregate together.

**FULL HOUSE** is a space for a team-building game with a series of balance beams arranged in a pentagonal shape.

**MOBY DECK** is a team-building game founded on strengthening balance and communication skills. The game has a large platform centered on a fulcrum.

**FIDGETY LADDER** is a challenging rope ladder activity to increase hand-eye coordination.

**COUNCIL RING** is a meeting place marked by a raised platform and log benches. Opening and closing ceremonies occur at our Council Ring for campers to congregate while welcoming and wrapping up our days.

**GAGA PIT** is an octagonal court to play the fun and upbeat game of Gaga Ball. Gaga Ball is a game that is played with a soft foam ball and combines dodging, running and jumping skills.
