Open Spaces Open Doors to Achievement
Demakes Family YMCA Campus
2026 Capital Campaign

This capital campaign is to build a safe, accessible, and high-quality environment for youth to engage in physical activity, develop teamwork skills, and strengthen community connections. With a growing demand for urban green spaces, these open areas will serve as a vital resource to assist the YMCA in supporting surrounding schools, neighborhoods, and the city of Lynn at-large while creating an inviting entrance to the Y.
